

CENTER APPS

Your terminal in the palm of your hand.

CENTER APPS

CENTER APPS. With CENTER APPS, your operational work is available via mobile equipment. You have access to all the information and functions you need, any time and any location. The code, logic and functions are focused on the operational processes of your organization, adjustments to your business processes are not necessary. CENTER APPS provides real-time operational information in a clear, uniform, intuitive, user-friendly, flexible and measurable way.

HOW CENTER APPS WILL BENEFIT YOUR ORGANISATION

- Significantly less paperwork.
- Operational on various devices with fast and flawless communication between them.
- User-friendly design and interaction.
- Authorization per user group.
- Extensive customization possibilities.
- Minimal user-interaction.
- Assignment at color level.
- Reliable KPI's.
- Real time data.
- Cross platform: IOS, Android and Microsoft.
- 100% Integrated with your system.
- Insight and input for KPI's.
- Minimize human error.

- Preventing double data registration.
- Efficient communication with customers.
- Clear communication with operational staff.
- Look & feel customizable to represent your corporate branding.
- We develop industrial as well as commercial apps. Please contact us to discuss how we can service your specific needs.

TRUE EFFICIENCY HAS NEVER BEEN THIS EASY.

CENTER PRODUCTS MANAGE CRUISE, PORT, AND TERMINAL RELATED WORKFLOWS.

Our center product line consists of seven software products, that manage: "Terminal, Port, Freight-forwarding, and Agencies" related activities and workflows. The products can be used as standalone applications, a combination of CENTER products is also possible.

For more information about the CENTER products, please take a look at our brochures or visit our website at www.itpartner.nl.
