

CENTER INTELLIGENCE

Vision becomes reality.

CENTER INTELLIGENCE

Powered by Microsoft technology, **CENTER INTELLIGENCE** provides real-time data insight from any type of data source. This data is presented with easy to understand dashboards and reports. No technical knowledge is required. These dashboards and reports are accessible anywhere using iOS and Android apps.

With CENTER INTELLIGENCE, you always have access to up-to-date information about the KPIs of your organization.

HOW CENTER INTELLIGENCE WILL BENEFIT YOUR ORGANISATION

- Extensive data insights. CENTER Intelligence collects data from all over your business, prepares it for analysis, develops and runs queries against the data and creates reports, dashboards and easy to understand data visualisations.
- CENTER Intelligence can connect to any data source, e.g. any existing data warehouse.
- Near real time streaming data sets, always work with up to date information.
- Drill down options for foot-cause analysis.
- Integration with existing software.
- Optimized for mobile devices.
- Powerful 'what if-analysis'.
- Customizable to your corporate branding.

CENTER INTELLIGENCE - Product brochure

GOOD DECISIONS ARE BASED ON FACTS, NOT ON ASSUMPTIONS.

CENTER PRODUCTS MANAGE CRUISE, PORT, AND TERMINAL RELATED WORKFLOWS.

Our center product line consists of seven software products, that manage: "Terminal, Port, Freight-forwarding, and Agencies" related activities and workflows. The products can be used as standalone applications, a combination of CENTER products is also possible.

For more information about the CENTER products, please take a look at our brochures or visit our website at www.itpartner.nl.
